WALL STREET JOURNAL, LOS ANGELES TIMES, AND USA TODAY BESTSELLER • Anyone—even you!—can learn how to harness the power of humor in business (and life), based on the popular class at Stanford's Graduate School of Business. Don't miss the authors' TED Talk, "Humor, Seriously," coming soon. "The ultimate guide to using the magical power of funny as a tool for leadership and a force for good."—Daniel H. Pink, #1 New York Times bestselling author of *When and Drive There* exists a mistaken belief in today's corporate world: that we have to be serious all the time in order to be taken seriously. But the research tells a different story: that humor can be one of the most powerful tools we have for accomplishing serious things. Studies show that humor makes us appear more competent and confident, strengthens relationships, unlocks creativity, and boosts our resilience during difficult times. Plus, it fends off a permanent and unsightly frown known as "resting boss face." Top executives are in on the secret: 98 percent prefer employees with a sense of humor, and 84 percent believe that these employees do better work. But even for those who intuitively understand humor's power, few know how to wield it with intention. As a result, humor is vastly underleveraged in most workplaces today, impacting our performance, relationships, and health. That's why Jennifer Aaker and Naomi Bagdonas

teach the popular course *Humor: Serious Business* at the Stanford Graduate School of Business, where they help some of the world's most hard-driving, blazer-wearing business minds build levity into their organizations and lives. In *Humor, Seriously*, they draw on findings by behavioral scientists, world-class comedians, and inspiring business leaders to reveal how humor works and—more important—how you can use more of it, better. Aaker and Bagdonas unpack the theory and application of humor: what makes something funny and how to mine your life for material. They show how to use humor to make a strong first impression, deliver difficult feedback, persuade and motivate others, and foster cultures where levity and creativity can thrive—not to mention, how to keep it appropriate and recover if you cross a line. President Dwight David Eisenhower once said, "A sense of humor is part of the art of leadership, of getting along with people, of getting things done." If Dwight David Eisenhower, the second least naturally funny president ever (after Franklin Pierce), thought humor was necessary to win wars, build highways, and warn against the military-industrial complex, then you might consider learning it too. Seriously.

Traditional meetings are a weapon of mass interruption. Long live the Modern Meeting! The average American office worker spends eleven hours in meetings every week. Yet all

that time sitting around a conference table hasn't made us more productive. If anything, meetings have made work worse. Traditional meetings reduce efficiency, kill urgency, and breed compromise and complacency. Worst of all, our dysfunctional meeting culture changes how we focus, what we focus on, and what decisions we make. But there is a solution, a way to have fewer, shorter, more purposeful meetings. It's called the Modern Meeting Standard. By following its eight simple but radical principles you may never have to attend a useless meeting again. Read *This Before Our Next Meeting* is the call to action you (and your boss) need.

—Carla Hall, chef, television personality, and author of Carla Hall's Soul Food "Why We Cook is a wonderful, heartwarming antidote to these trying times, and a powerful testament to unity through food." —Anita Lo, chef and author of Solo and Cooking Without Borders "This book is a beautiful object, but it's also much more than that: an essay collection, a trove of recipes, a guidebook for how we might use food to fight for and further justice. The women in its pages remind us that it's in the kitchen, in the field, and around the table that we do our most vital work as human beings—and that, now more than ever, we must." —Molly Wizenberg, author of A Homemade Life and The Fixed Stars

The Great Escape for the Great War: the astonishing true story of two World War I prisoners who pulled off one of the most ingenious escapes of all time. "Fox unspools Jones and Hill's delightfully elaborate scheme in nail-biting episodes that advance like a narrative Rube Goldberg machine."—The New York Times Book Review Imprisoned in a remote Turkish POW camp during World War I, having survived a two-month forced march and

a terrifying shootout in the desert, two British officers, Harry Jones and Cedric Hill, join forces to bamboozle their iron-fisted captors. To stave off despair and boredom, Jones takes a handmade Ouija board and fakes elaborate séances for his fellow prisoners. Word gets around, and one day an Ottoman official approaches Jones with a query: Could Jones contact the spirit world to find a vast treasure rumored to be buried nearby? Jones, a trained lawyer, and Hill, a brilliant magician, use the Ouija board—and their keen understanding of the psychology of deception—to build a trap for their captors that will ultimately lead them to freedom. A gripping nonfiction thriller, *The Confidence Men* is the story of one of the only known con games played for a good cause—and of a profound but unlikely friendship. Had it not been for “the Great War,” Jones, the Oxford-educated son of a British lord, and Hill, a mechanic on an Australian sheep ranch, would never have met. But in pain, loneliness, hunger, and isolation, they formed a powerful emotional and intellectual alliance that saved both of their lives. Margalit Fox brings her “nose for interesting facts, the ability to construct a taut narrative arc, and a Dickens-level gift for concisely conveying personality” (Kathryn Schulz, *New York*) to this tale of psychological strategy that is rife with cunning, danger, and moments of high farce that rival anything in *Catch-22*.
