Presents the latest safety ratings, dealer prices, fuel economy, insurance premiums, maintenance costs, and tires of new model automobiles.
The Emily Post Institute, the most trusted brand in etiquette, tackles the latest issues regarding how we interact along with classic etiquette and manners advice in this updated and gorgeously packaged edition. Today ' s world is in a state of constant change. But one thing remains year after year: the necessity for good etiquette. This 19th edition of Emily Post ' s Etiquette offers insight and wisdom on a variety of new topics and fresh advice on classic conundrums, including: Social media Living with neighbors Networking and job seeking Office issues Sports and recreation Entertaining at home and celebrations Weddings Invitations Loss, grieving, and condolences Table manners While they offer useful information on the practical—from table settings and introductions to thank-you notes and condolences—the Posts make it clear why good etiquette matters. Etiquette is a sensitive awareness of the feelings of others, they remind us. Ultimately, being considerate, respectful, and honest is what ' s really important in building positive relationships. "Please" and "thank you" do go a long way, and whether it ' s a handshake, a hug, or a friend request, it ' s the underlying sincerity and good intentions behind any action that matter most.

Presents the latest safety ratings, dealer prices, fuel economy, insurance premiums, maintenance costs, and tires of new model automobiles.  
The American edition of the revelatory Swedish book Spotify Untold, the basis of the new Netflix Original series slated for 2022! "Two excellent Swedish journalists recount the historic rise of the company that changed modern music not just as a riveting business tale, but as a lesson in tech geopolitics. Spotify ' s Daniel Ek shows why Silicon Valley does not always win. " —David Kirkpatrick, New York Times bestselling author of The Facebook Effect Steve Jobs tried to stop this moment from ever happening. Google and Microsoft made bids to preempt it. The music industry blocked it time and again. Yet, on a summer's eve in 2011, the whiz kid CEO of a Swedish start-up celebrated his company's US launch. In the midst of the Apple-Android tech war and a music label crusade against piracy and illegal downloading, Spotify withdrew the battle lines, sent shockwaves through Silicon Valley, and got the headline executives at Universal, Sony, and Warner to sign with its "free-mium" platform. In The Spotify Play, now adapted into an upcoming Netflix Original series, Swedish investigative tech journalists Sven Carlsson and Jonas Leijonhufvud, who covered the company from its inception, draw upon hundreds of interviews, previously untapped sources, and in-depth reporting on figures like Mark Zuckerberg, Sean Parker, Steve Jobs, Taylor Swift, Jay-Z, Pony Ma Huateng, and Jimmy Iovine. They have captured the riveting David vs. Goliath story of a disruptive innovator who played the industry giants in a quest to revolutionize the consumption of sound, building today's largest online source of audio, with more than 50 million songs, one million-plus podcasts, and over 300 million users.

An all-star lineup of rock-n-rollers—from Jane ' s Addiction ' s Perry Farrell to Suzi Quatro and Verdine White of Earth, Wind & Fire—relay the uproariously wild, sentimental, and unexpected pre-stardom stories behind their favorite records. Rock Stars on the Record is a collection of first-hand tales by artists of all ages, backgrounds, and musical influences, remembering the meaning behind the records that mattered most to them. From Laura Jane Grace to Ian MacKaye, Don McLean to Cherie Currie, Alice Bag to Mac DeMarco, and many more, bestselling author Eric Spitznagel talks to rock stars across the sonic spectrum about the albums that changed them in ways only music can change someone. Everyone ' s most cherished childhood record—be it a battered piece of vinyl, torn cassette tape, or scratched CD—has a story, and those stories can be more revealing about their owners than you might expect. Read about how " Weird Al " Yankovic refined his accordion skills by playing along to Elton John ' s Goodbye Yellow Brick Road, or how Fishbone ' s Angelo Moore saved his life with a boombox and a Bad Brains album. Or about how Wendy Melvoin and Lisa Coleman of Prince ' s longtime band, The Revolution, fell in love while trading mixtapes. Each profile is more emotional, fascinating, and hilarious than the last. So place that needle in the groove, and prepare to hear something revelatory from your favorite rockers past and present.

Award-winning food critic and writer William Sitwell chronicles the fascinating global history of eating out, from the Roman wine taverns of ancient Pompeii to today ' s high-tech molecular gastronomy. Have you ever wondered where the first coffee shop sprung up, or when the sushi conveyor belt was invented? Unbelievably, the global history of the dining establishment has never been told—until now. Journeying 2,000 years into the past, acclaimed food critic and writer William Sitwell artfully traces the earliest origins of the widespread cultural practice of eating out, from its most basic to most sophisticated forms. Whether he ' s traversing the inns and taverns of Pompeii before its destruction in A.D. 79, witnessing the tumultuous emergence of fine dining during the French Revolution, or recounting the mid-twentieth-century invention of the taco machine in New York City, Sitwell ' s engaging prose gives readers a front-row seat of the restaurant experience across cultures and millennia. He follows the fashions that shape the way we dine, meeting the restaurateurs of today and yesterday whose establishments shaped society for good or ill. And after offering a wry history of the world through the prism of the eatery, he ponders its exciting future. Fully illustrated with color photographs and illustrations, chefs, critics, restaurateurs, and foodies alike will delight in all the sweet and savory details offered up in this lively and highly absorbing romp through social and culinary history.

A murder played out between the pages of an American Literary classic. Beware Buyer!  
Examines the impact of business improvement districts on the quality of contemporary civic life.

A provocative, cutting edge exploration of obesity probes recent attempts to uncover the underlying cause of this national epidemic, from scientists breeding superobese rats to the scientific search for the obesity gene and the race to create a pill to cure the fat problem. Reprint.
