series production electronic stability control (ESP) for all-wheel drive vehicles (Audi A8 and Audi A6)– the world's first production cars with both front and rear side airbags.. For 1997, the new A8 was available with either front-wheel drive (FWD), or the Torsen-based quattro permanent four-wheel drive. The FWD models are powered by a 2.8-litre V6 engine ...

If the car is a pre-facelift A8
(USA/CAN years 1997 to 1999), there
is a conversion kit specifically for this
model version. If the A8 or S8 is the
facelift version (years 1999.5 to
2003), there is another slightly
different model-specific fitting kit.
Model versions and slight styling
differences aside, the transformation
is fantastic and fully updates the car.
