CENTURY 21 ACCOUNTING GENERAL JOURNAL (Green Text) begins with a two-column general journal, and then introduces students to special journals in cycle two. Based on teacher input, we have completely reorganized this new edition of CENTURY 21, starting with a service business organized as a proprietorship, progressing to a merchandising business organized as a corporation, and concluding with special topics, partnerships, and recording international sales and electronic transactions. Technology is integrated throughout the text, including Automated Accounting, Peachtree, QuickBooks, and Microsoft Excel. Also, the New Student Companion CD-ROM is included with each text. The student CD is exclusively available with CENTURY 21 and includes Competitive Event Prep, Automated Accounting data files, Electronic flash cards of key terms, Web links, PowerPoint presentations, and much, much more! CENTURY 21 ACCOUNTING presents real-world source documents as each new transaction is presented in the text. Source documents provide the objective evidence for journalizing every transaction, and are now included in the working papers for selected end of chapter problems. T accounts are always used to analyze transactions into debit and credit parts to increase student comprehension of journalizing transactions. Illustrations are consistently placed at the top of the page and include step-by-step instructions. Concepts are reinforced through descriptive text to provide complete accounting instruction. Each chapter is divided into three or four lessons with corresponding assessment activities right at the point of use. In addition, several short application problems at the end of each chapter have been added to build student's knowledge before completing the longer mastery and challenge problems.

Printed Working Papers help students efficiently complete end-of-lesson, end of-chapter, and reinforcement activities as well as improved chapter study guides.

Century 21's new approach to Working Papers simplifies the paper trail. Each problem has an individual set of working paper pages that can be completed and turned in for grading. We've eliminated the overlap between problems, making it easier for students to complete and teachers to grade. These Working Papers are to be used in the study of chapters 1-16 of C21 Accounting, Multicolumn Journal Approach. Forms are provided for: Work Together exercises, On Your Own exercises, Application Problems, Mastery Problems, Challenge Problems, Reinforcement Activities 1 and 2. Printed on each page is the number of the problem in the textbook for which the form is to be used. Also shown is a specific instruction number for which the form is to be used. You may not have to use every form that is provided. The pages are perforated so that they can be removed.

Printed Working Papers help you efficiently complete end-of-lesson, end of-chapter, and reinforcement activities as well as improved chapter study guides.
