Walter Mosley's bestselling and award-winning novels -- from 'Gone Fishin' to 'Devil in a Blue Dress', named one of the "100 Favorite Mysteries of the Century" by the Independent Mystery Booksellers Association -- have endeared him to legions of readers from a U.S. president to everyday people who can't get enough of Easy Rawlins. Now from the bestselling and award-winning writer comes 'Six Easy Pieces'. The beloved Ezekiel Rawlins now has a steady job as senior head custodian of Sojourner Truth High School, a nice house with a garden, a loving woman, and children. He counts the blessings of leading a law-abiding life, but is "nowhere near happy." Easy mourns the loss of his best friend, Mouse. Though Easy tries to leave the street life behind, he still finds himself trading favors and investigating cases of arson, murder, and missing people. People who can't depend on the law to solve their problems seek out Easy. A bomb is set in the high school where Easy works. A man's daughter runs off with his employee. A beautiful woman turns up dead and the man who loved her is wrongly accused. Easy is the man people turn to in search of justice and retribution. He even becomes party to a killing that the police might call murder. Six of the seven stories in 'Six Easy Pieces' were published in reissued Washington Square Press editions of the Easy Rawlins mysteries 'Gone Fishin'', 'Devil in a Blue Dress', 'A Red Death', 'White Butterfly', 'Black Betty', and 'A Little Yellow Dog'. A seventh, "Amber Gate," is newly published here, making this new Walter Mosley classic a must-have for all fans of great fiction.

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

The OECD Economic Outlook is the OECD's twice-yearly analysis of the major economic trends and prospects for the next two years. A special chapter covers growth prospects and fiscal requirements over the long term.

The Power of One book has a twofold purpose. (1) To show the influence of a single Saint, who trusts the Word of God, could change the world. The Bible is straightforward: For nothing is impossible with "the Author of all things," Luke 1:37. (NIV84). (2) To point out how Christian bodies working in concert as one Body of Jesus Christ can be progressive for millions. As iron sharpens iron, so one man sharpens another-Proverbs 27:17 (NIV84).

The first 20 years of the new millennium changed the mental landscape for America. Starting with the 9-11 event, and followed by the wars in Afghanistan, Iraq, Syria, Libya and Yemen, the military became involved in long drawn-out conflicts.
