The Vatican has lost its most closely held secret--irrefutable proof of a woman Messiah named Sophia. Born in the Holy Land in 310 AD, Sophia was known for performing healing miracles. Her divinity threatened early Christian dogma and she was executed as a girl by Church authorities. In the present, Kate Sheridan visits Switzerland with her husband, where she expects to purchase the estate of a German art collector. But before Kate can complete the transaction, they are drawn into a thousand-year-old web of conspiracy and intrigue that begins and ends with the mystery of Sophia--and all the powerful forces who share the objective of protecting their patriarchies from a divinely feminine truth. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

...designed for use with children from age 3 & above who suffer from mental retardation, brain damage, autism, severe aphasia, emotional disorders or childhood schizophrenia...

Examines the Pre-Columbian, Colonial, Nineteenth Century, and Twentieth Century periods of Mexican art and artifacts

This invaluable introduction to key issues, controversies and debates collects essential writings by some of the leading authors in the field, and examines museum management in a world dominated by new and exciting heritage and leisure attractions.

#1 New York Times bestselling series Perfect for fans of the #1 New York Times bestselling series and the hit ABC Family TV show, this Pretty Little Liars prequel novel reveals Ali's secrets from before she was murdered. Rewind a few years to seventh grade: Alison DiLaurentis and her friends are the It girls of Rosewood Day. Boys want to date them. Girls want to be them. But even though they seem to have it all, these girls are hiding some major secrets--especially Ali. She knows better than anyone that if the truth gets out, it will ruin everything. Set in the weeks before Ali's murder, Ali's Pretty Little Lies is the first Pretty Little Liars novel told entirely from Ali's point of view. After all, who better to tell her story than Ali herself, the prettiest little liar of all?

Marvelous Journeys explores the transition from a modernist to a postmodernist consciousness in twentieth-century Caribbean writings on identity that is reflected through a corresponding evolution in the use of the marvelous as a literary tool. For the three novelists who are the focus of this study - Jacques-Stephen Alexis, Alejo Carpentier, and Simone Schwarz-Bart - the discourse of the marvelous offers a uniquely Caribbean vehicle for capturing an elusive Caribbean «essence» as well as for coming to terms with the seemingly contradictory demands of a Parisian intellectual formation and an authentic Caribbean sensibility. This book engages with recent debates in criticism and theory and will appeal to a broad spectrum of readers interested in Francophone literature, Caribbean studies, and literary and postcolonial theory. It contributes to the burgeoning field of Caribbean literary studies by adopting a transcultural approach to a neglected but increasingly important area of study: the circulation of ideas and influences among the Hispanic and Francophone Caribbean islands and the African and European continents.

The first novel in the now-classic D&D trilogy set in the Forgotten Realms Alias is a sell-sword, a warrior-for-hire, and an adventuress--and she's in big trouble. She woke with a series of twisting, magical blue sigils inscribed on her arms, and no memory of how she got them. Determined to learn the nature of the mysterious tattoo, Alias joins forces with an unlikely group of companions: the halfling bard, Ruskettle, the southern mage, Akabar, and the oddly silent lizard-man, Dragonbait. With their help, she discovers that the symbols hold the key to her very existence. But those responsible for the sigils aren't keen on Alias's continued good health. And if the 5 evil masters find her first, she may discover all too soon their hideous secret.

"A stunning follow-up to the best-seller Angelology. . . Part historical novel, fantasy, love story, thriller, and mystery. . . It's a must-read." --Booklist (starred review) A New York Times bestseller and global sensation, Angelology unfurled a brilliant tapestry of myth and biblical lore on our present-day world and plunged two star-crossed heroes into an ancient battle against mankind's greatest enemy: the fatally attractive angel-human hybrids known as the Nephilim. With Angelopolis, the conflict deepens into an inferno of danger and passion unbound. A decade has passed since Verlaine saw Evangeline alight from the Brooklyn Bridge, the sight of her new wings a betrayal that haunts him still. Now an elite angel hunter for the Society of Angelology, he pursues his mission with single-minded devotion: to capture, imprison, and eliminate her kind. But when Evangeline suddenly appears on a twilit Paris street, Verlaine finds her nature to be unlike any of the other creatures he so mercilessly pursues, casting him into a spiral of doubt and confusion that only grows when she is abducted before his eyes by a creature who has topped the society's most-wanted list for more than a century. The ensuing chase drives Verlaine and his fellow angelologists from the shadows of the Eiffel Tower to the palaces of St. Petersburg and deep into the provinces of Siberia and the Black Sea coast, where the truth of Evangeline's origins--as well as forces that could restore or annihilate them all--lie in wait. Conceived against an astonishing fresh tableau of history and science, Angelopolis plumbs Russia's imperial past, modern genetics, and ancient depictions of that most potent angelic appearance--the Annunciation of Gabriel--in a high-octane tale of abduction, treasure seeking, and divine warfare as the fate of humanity once again hangs in the balance.
