In Homo Juridical, Supiot deconstructs the illusion of a world that has become 'flat' and undifferentiated, regulated only by supposed 'laws' of science and the economy, and peopled by contract-makers driven only by the calculation of their individual interests. Such a liberal perspective is nothing but the flipside of the notion of the withering away of law and the state, promoted this time not under the banner of the struggle between classes, but rather in the name of the free competition ...

Homo Juridicus: On the Anthropological Function of the Law ...

After centuries of triumphalism on behalf of homo economicus, one had given up hope of hearing one day about homo juridicus. We can only congratulate Alain Supiot for this work which defends the anthropological function of the law, reminding us that the human being is a metaphysical animal which exists not only in the universe of things (the economic) but also in a universe of signs.

Homo Juridicus: On the Anthropological Function of the Law ...

Quotes from Homo Juridicus: O... “ Law is neither a divine revelation nor a scientific discovery. It is a wholly human creation that includes the contribution of those who claim to study it and who cannot remain blind to the values implied by their interpretations.

Homo Juridicus: On the Anthropological Function of the Law ...

In Homo Juridicus, Alain Supiot argues that law has an 'anthropological' function - constituting people as rational beings by linking together their biological and symbolic dimensions. The law also serves a 'dogmatic function',

Homo Juridicus On The Anthropological Function Of The Law PDF

Homo Juridicus extends the scope of Supiot ' s thought to the phenomenon of law as a whole. It is a highly ambitious work: a guide to the origins of Western law and an inquiry into its anthropological function, rich in historical and etymological erudition; and an uncompromising critique of contemporary jurisprudential developments.

Calling Power to Reason? - New Left Review

In Homo Juridicus, Supiot deconstructs the illusion of a world that has become “ flat ” and undifferentiated, regulated only by supposed “ laws ” of science and the economy, and peopled by contract-makers driven only by the calculation of their individual interests. Such a liberal perspective is nothing but the flipside of the notion of the withering away of law and the state, promoted this time not under the banner of the struggle between classes, but rather in the name of the free ...
