An honest discussion of free trade and how nations can sensibly chart a path forward in today's global economy Not so long ago the nation-state seemed to be on its deathbed, condemned to irrelevance by the forces of globalization and technology. Now it is back with a vengeance, propelled by a groundswell of populists around the world. In Straight Talk on Trade, Dani Rodrik, an early and outspoken critic of economic globalization taken too far, goes beyond the populist backlash and offers a more reasoned explanation for why our elites' and technocrats' obsession with hyper-globalization made it more difficult for nations to achieve legitimate economic and social objectives at home. Ranging over the recent experiences of advanced countries, the eurozone, and developing nations, Straight Talk on Trade charts a way forward with new ideas about how to reconcile today's inequitable trends with liberal democracy and social inclusion.

International Trade: Theory and Policy provides engaging, balanced coverage of the key concepts and practical applications of the discipline. An intuitive introduction to trade theory is followed by detailed coverage of policy applications. With this new 11th Edition, Global Edition, the author team of Nobel Prize-winning economist Paul Krugman, renowned researcher Maurice Obstfeld, and Marc Melitz of Harvard University, continues to set the standard for International Economics courses.

An audience-centered approach to public speaking Public Speaking: An Audience-Centered Approach brings theory and practice together. Its distinctive and popular approach emphasizes the importance of analyzing and considering the audience at every point in the speech making process. This model of public speaking is the foundation of the text, and it guides students through the step-by-step process of public speaking, focusing their attention on the dynamics of diverse audiences, and narrowing the gap between the classroom and the real world. MyCommunicationLab is an integral part of the Beebe/Beebe program. MyCommunicationLab is an integral part of the Beebe/Beebe program. With extensive opportunities for the application of course content, MyCommunicationLab helps students become better speakers and master key public speaking concepts. Focusing on international economics, this work provides an analytical framework for understanding the international economy. The first half of the text deals with trade, the second half with the monetary aspect of international economics. Each half starts with a step-by-step formulation of the analytical model, followed by applications chapters, where the model is applied to issues and policy questions.
