A tractor repair manual written for the experienced mechanic by professionals in an easy-to-use format , including numerous photos, illustrations and exploded views.

Ask yourself this question: What type of character qualifies the people God chooses to use? The question itself assumes an atypical answer, simply because it leaves out so much. To ask only about one’s character seems inadequate when defining a leader. We surely need to ask about character, but also about personality, communication skills, IQ, education, previous experience, and more... don’t we? Crawford Loritts disagrees. He answers the question with four simple words: Brokenness, communion, servanthood, and obedience. These four traits form the framework for Leadership as an Identity. By examining each trait, Loritts undermines many pervasive assumptions about leadership that are unbiblical. According to Loritts, God doesn’t look for leaders like the world does. He looks for disciples, and ironically, as these disciples follow Him, they will lead.

Fuels, Lubricants, Coolants, and Filters easily helps a reader to understand these wonderful liquids and filters better. By starting with the basics, it builds your knowledge step-by-step in a very structured manner.

Today’s high diesel fuel and fertilizer prices, as well as the need to better protect soils and manage moisture, require a more innovative, precision approach to farming. In this 48-page special report, you’ll find strip-till techniques and strategies, strip-till setups, nutrient placement and more.

Tells how clutches & transmissions work - gear, friction, & hydrostatic. Gives basics of service & repair of major types of drives, transmission, transaxles, & clutches used in compact equipment. Includes troubleshooting guides. It provides the reader with a list of skills & knowledge that should be learned with each chapter. CONTENTS: Basic principles, clutches, mechanical transmissions, hydrostatic transmissions, belt & chain drives, differentials, final drives, power take-offs, service & maintenance & troubleshooting.
