and military actors in humanitarian emergency necessary to protect and promote humanitarian principles, avoid competition, minimise inconsistency and, when appropriate, pursue common goals.

## Civil-military relations in humanitarian crises

The first edition of this important work was a groundbreaking effort to draw comparative conclusions from the accumulated cases of military-civilian interaction in humanitarian/political emergencies. It rapidly became essential reading for scholars, policymakers, and practitioners as they attempted to come to grips with the dilemmas of external engagement in wars within states.

Thomas G. Weiss has generated leadership across disciplines for path-breaking scholarship about international military operations in humanitarian emergencies. This new edition of his highly-regarded *Military-Civilian Interactions* carries the analysis of forceful humanitarianism into the post-September 11 era. Weiss supplies the best available data for the crises of the 1990s, so that military and civilian authorities can draw the fullest lessons for new challenges in Afghanistan, Iraq, and ...

Over the past two decades, as domestic and international militaries  
have become more engaged in disaster and epidemic response and  
as the detrimental effects of military campaigns on humanitarian  
actors in complex emergencies has become more apparent, there has  
been an increasing push at the international level for the  
development of guidelines and mechanisms for civilian-military

Civilian-Military Interaction in Conflicts: Best Practices ...

The changing nature of modern conflicts, natural hazards and crises make dialogue and interaction between civil protection and humanitarian responders and the military ever more relevant. Civil-military coordination is crucial in supporting humanitarian assistance and disaster relief. The scope and form of the civ-mil interaction always depends on the specific context of the crisis.
