Features: - Filled with a variety of animals from all over the world - Real life photography - Timeless fun facts

Adorable animal images and simple text make for a great read for the youngest learners.

CARLE/VERY FIRST BK ANIMAL HOMES

A sweet tiger cub, padding softly on its paws across the ground. A little lion getting its head nuzzled by mama as they soak in the sun. Two young kangaroos—joeys—at play. An infant chimpanzee, clinging lovingly to its mother's back. Nothing's more irresistible than an animal baby, and with these magnificent photos, kids can meet the cutest ones of all, and their families, too. From two fox kits climbing on logs, to an adorable baby bunny, to a trio of polar bears huddling close to stay warm, to penguins, polar bears, eaglets, and foals, these precious creatures will fascinate human "cubs"—and entice them to look at the pictures over and over again.

An extensive look at nature in verse. An essential introduction to the animal world with exquisitely modern illustrations.
