

Oracle PL SQL Tuning Expert Secrets For High Performance Programming Volume 8 Oracle In Focus

This is likewise one of the factors by obtaining the soft documents of this **oracle pl sql tuning expert secrets for high performance programming volume 8 oracle in focus** by online. You might not require more time to spend to go to the books commencement as without difficulty as search for them. In some cases, you likewise realize not discover the revelation oracle pl sql tuning expert secrets for high performance programming volume 8 oracle in focus that you are looking for. It will categorically squander the time.

However below, subsequently you visit this web page, it will be therefore utterly easy to get as capably as download guide oracle pl sql tuning expert secrets for high performance programming volume 8 oracle in focus

It will not take many mature as we tell before. You can accomplish it while work something else at house and even in your workplace. consequently easy! So, are you question? Just exercise just what we give below as with ease as review **oracle pl sql tuning expert secrets for high performance programming volume 8 oracle in focus** what you subsequently to read!

T racing Oracle sessions with v\$session_longops. Oracle Tips by Burleson Consulting. The following Tip is from the outstanding book " Oracle PL/SQL Tuning: Expert Secrets for High Performance Programming " by Dr. Tim Hall, Oracle ACE of the year, 2006: The dbms_application_info package allows programs to add information to the v\$session and v\$session_longops views to make tracking of session activities simpler and more accurate.

Tracing Oracle sessions with v\$session_longops

Fortunately, there is a way to find out: Run the PL/SQL procedure that contains the (commented) SQL statement. Then find the sid for the session you did that in (from v\$session) and query v\$open_cursor using that sid. The result should contain the SQL statement, and you should be able to see exactly which comments survived.
