This introductory text encourages students to engage with key problems and arguments in ethics through a series of classic and contemporary readings. It will inspire students to think about the distinctive nature of moral philosophy, and to draw comparisons between different traditions of thought, between ancient and

# Get Free Reading Ethics

modern philosophies, and between theoretical and literary writing about the place of value in human life. Each of the book 's six chapters focuses on a particular theme: the nature of goodness, subjectivity and objectivity in ethical thinking, justice and virtue, moral motivation, the place of moral obligation,

# Get Free Reading Ethics

and the idea that literature can be a form of moral philosophy. The historical readings come from Plato, Aristotle, Hume, Kant and Mill; and the contemporary readings from Foot, Rawls, McDowell, Mackie, Nagel, Williams, Nussbaum and Gaita. The editors' introductions to the themes, and the

# Get Free Reading Ethics

interactive commentaries they provide for each reading, are intended to make Reading Ethics come as close as possible to a seminar in philosophy.

Bringing together some of the best current practitioners of historical and formal criticism, *Reading Renaissance Ethics* assesses the ethical performance of

# Get Free Reading Ethics

renaissance texts as historical agents in their time and in ours. Exploring the nature and mechanics of cultural agency, the book explains with greater clarity just what is at stake when canon-formation, aesthetic evaluation and curricular reform are questioned and revised. Taking seriously the question of what to read

# Get Free Reading Ethics

requires us to consider exactly what it is that we do when we read and when we write about our reading. Reading Renaissance Ethics asks what sorts of events took place when Renaissance texts were first read and how this differs from the way we read and teach them now.
