Shark fin soup is a traditional soup or stewed dish found in Chinese cuisine. The shark fins provide texture, while the taste comes from the other soup ingredients. It is commonly served at special occasions such as weddings and banquets, or as a luxury item. The soup originated centuries ago during the Song dynasty in China, serving the imperial family and court members. During the Ming dynasty, the dish's popularity increased and by the time of the Qing dynasty shark fin soup was in high deman

One threat that many people are aware of that threatens some shark species is the lucrative market for shark fin soup. Most people have heard of the process of finning a shark, which is the cruel and wasteful practice of removing the valuable fins of sharks that are caught commercially and then dumping the lower value body overboard.

From ancient times to the present day, shark fin soup has always been made from the shredded cartilage of a shark ' s dorsal fin (the fin on the top of its back). The cartilage is said to add flavor to the broth (though many claim that ' s not true) as well as thicken it, but cooking down the cartilage and preparing the rest of the soup requires a laborious four days of work.
