Alexa Mills gets the trip of a lifetime when she's chosen to go on a humanitarian trip to the Philippines to help rebuild one of the villages that were devastated years ago by natural disasters. She's more than excited until she steps on the jet and discovers her benefactor is none other than Lance Storm, the man she'd had a one-night-stand with at her sister's wedding to Ashton Storm. They are together in a foreign country for a month and she can't fight her attraction to him though she knows marriage can end devastatingly badly. After all, the only example she's ever had is the abusive father who raised her and the weak mother who allowed it. When they return home and Lance asks her to pretend to be his girlfriend for the holidays so his family will lay off trying to get him married, she can't resist the temptation. She doesn't want to spend another holiday alone. But will Lexie forget that it's all pretend as she is welcomed with open arms into the Anderson and Storm clan? Or will she manage to hold onto her convictions and walk away when the fantasy of being a part of a family and falling in love with a man is supposed to be over?

And working with Carter means that Anne will have to do the one thing she swore she'd never do again: trust a man. 'Anybody But Anne' is the fifth in the 'Fleming Stone' series of detective novels by prolific author Carolyn Wells. Wealthy David Van Wyck has decided to become a philanthropist and leave his entire vast fortune to the local community. Whilst a noble intention, his family are opposed to the notion as it would leave them penniless. Following a meeting to certify his intentions, David is found dead in a locked room. His beautiful wife Anne is the obvious suspect, but there are many others who would have reason to want David out of the picture. A thrilling whodunnit from the popular author. Carolyn Wells (1862-1942) was a prolific American novelist and poet, best known for her children's literature, mystery novels and humorous verse. Following school in New Jersey, Wells worked as a librarian, where she developed her love of reading. It was during 1896 that Wells' first book 'At the Sign of the Sphinx' was published. From 1900 she dedicated herself to her literary career, writing over 170 novels in total across a range of genres. Some of her most loved works include the 'Patty Fairfield' and 'Marjorie Maynard' series for girls, as well as the 'Fleming Stone' mystery series for adults. Wells is also well-known for her humorous nonsense verse, and was a frequent contributor of verse to magazines. She published an autobiography 'The Rest of my Life' in 1937. Wells died in New York City in 1942.

Winner of the UK's Richard & Judy Search for a Bestseller Competition, this page-turning debut novel follows an orphan whose late, beloved best friend bequeaths her a treasure hunt that leads her all over Victorian England and finally to the one secret her friend never shared. It is 1831 when eight-year-old Aurelia Vennaway finds a naked baby girl abandoned in the snow on the grounds of her aristocratic family's magnificent mansion. Her parents are horrified that she has brought a bastard foundling into the house, but Aurelia convinces them to keep the baby, whom she names Amy Snow. Amy is brought up as a second-class citizen, despised by Vennaways, but she and Aurelia are as close as sisters. When Aurelia dies at the age of twenty-three, she leaves Amy ten pounds, and the Vennaways immediately banish Amy from their home. But Aurelia left her much more. Amy soon receives a packet that contains a rich inheritance and a letter from Aurelia revealing she had kept secrets from Amy, secrets that she wants Amy to know. From the grave she sends Amy on a treasure hunt from one end of England to the other: a treasure hunt that only Amy can follow. Ultimately, a life-changing discovery awaits...if only Amy can unlock the secret. In the end, Amy escapes the Vennaways, finds true love, and learns her dearest friend's secret, a secret that she will protect for the rest of her life. An abandoned baby, a treasure hunt, a secret. As Amy sets forth on her quest, readers will be swept away by this engrossing gem of a novel—the wonderful debut by newcomer Tracy Rees.

A modern woman in the court of King Richard III is torn between saving the man she loves and stopping a historic wrong in this time-travel romance. English historian Jayne Lyons has pinned her career hopes on proving that her ancestor, King Richard III, was not the nefarious villain of Shakespeare's tragedy. In fact, she believes he is innocent of the infamous murder of the Princes in the Tower. But while volunteering with the search for his missing grave, Jayne gets a much closer look at Richard than she expected. Cast back into the brutal 15th century, she suddenly finds herself in the middle of Richard's army camp. Realizing that she may not be able to return home, Jayne begins to adjust to her new life. And the more she gets to know the true Richard, the more she is drawn to him. She even starts entertaining the hope of saving him. But the Princes are missing, and all evidence points to Richard. When he asks her to spy for him against his enemy, Henry Tudor, she must decide whether to help the man she loves, even though he may be one of history's greatest villains.
